

## Business Rules

1. A crew member cannot work for more than one airline. (think about part-time crew: they work for 2-3 airlines)
2. An incident report must include a severity with it. They have an associated severity in the range (1 - 5)
3. The airline cannot have any airplanes do flights that have been in the service more than 30 years. (the airplane should be retired at 30 years old)
4. A pilot must retire and not allowed to be a flight crew member once they reach the age of 65 years old
5. A city can headquarter at most 10 airlines
6. A pilot must have at least 10,000 hours of experience to be a pilot for an international flight
